

Minutes of the Parish Council Meeting Held 9 December 2019 8pm, Wivelsfield Church Hall, Church Lane

Agenda Item				
	Present: Councillors Dawson (ID, Chair), Pascoe (EP), Haffenden (IH), Rust Martin (HM) and Jackson (NJ). County Councillor Jim Sheppar Gander (Clerk) and two members of the public.			
Open Forum:		The Chairman of the Village Hall Management Committee had come along to mention two things. The first was that a resident of Green Road had asked for vehicular access across the top of the car park to get to the bottom of their garden where they wished to create a parking space. This had however been deemed inappropriate by the Management Committee as similar requests have previously been turned down and the trustees did not wish to get into creating prescriptive rights across the land.		
		Secondly, the Management Committee seeks the Parish Council's approval for having the top entrance to the Village Hall car park upgraded, in preparation for it becoming the main temporary access point when building work at the Hall commences. The Council agreed to put this item on the January agenda for formal discussion.		
		Another resident asked if the Council had thought any more about declaring a climate emergency and requested that councillors consider actions that could be taken in relation to this which might feed into the 2020-21 budget. The resident was pleased to see that the number of dwellings proposed for Somerset House, Green Road, has been reduced, but felt it would be good if they could all be wheelchair accessible and appropriate for the elderly. Finally, the resident left each council member with a pack of information which she asked everyone to read.		
1		Apologies for Absence Apologies had been received from District Councillor Bikson.		
	a b	Declarations of Members' Interests To receive declarations of interest from Councillors on items on the agenda To receive (and grant if appropriate) written requests for dispensations for disclosable pecuniary interests	None noted.

		 The Council was concerned about the impact on road safety, 	
		particularly at the difficult junction of Eastern Road and Green	
		Road, where there is poor visibility.	
		 There was concern about noise from the development. 	
		Ideally the Parish Council would wish to see either the building being	
		returned to business use or the existing building flattened, to make

		representatives of the Guinness Partnership, who had outlined their	
		plans for the site. The Council had asked that various items be	
		included as a part of the scheme, including a children's play area,	
		dog bin, safe crossing point on the Ditchling Road and replacement	
		of the two B2112 bus shelters. A public consultation will be	
		conducted in the New Year, to gauge local opinion, prior to a formal	
		planning application being submitted.

		of £28,182.50 has been spent on the Village Hall project to date, leaving	
		£91,817.50 of the £120k CIL money initially allocated for the scheme.	
	_		
	С	To monitor overall CIL income and expenditure - the Council has	
		received £250,902.44 in CIL to date. Of this, £120k has been	
		allocated to Phase 1 of the Hall Improvement Project and a further	
		£20,459.69 has been spent. This leaves £110,442.75 at the	
		Council's disposal. There is the potential for a some of this to be	
		allocated to different phases of the Village Hall Improvement Project

the architects look at how an additional entrance to the site off North Common Road could be created to serve the proposed houses, in response to residents concerns about the already dangerous current shared access. Plans are also in the pipeline to remodel the interior of the existing Hospice building to create more functional space. The Hospice is keen to work with the Parish Council to create some allotments for local people. This will dovetail well with existing plans to open a repair shed, intended to be a place for people (particularly men) to volunteer and come together to keep busy and have a sense of purpose, especially after bereavement. It is envisaged that the allotment area could include a community garden which those with an interest in gardening, but perhaps lacking the time to have an allotment of their own, could help out with. Hospice staff will organise a working party to progress the allotment project. Councillor Martin to be the Parish Council's representative on this, as she has previously had an allotment. Feedback from the CPRE workshop 'Building Beautiful' - the workshop was useful, giving participants the opportunity to collectively review some design schemes to get a feel for what does and does not constitute good design, and what elements is it salid to comment upon. It was said that good design is like good manners - reflecting the character of the local area, being sympathetic to its surroundings etc. g Signs for recreation ground - much debate was had over the wording for signs for the recreation ground to discourage dog fouling, but no consensus was reached. h Reviewing the Neighbourhood Plan - the Clerk has contacted LDC's Neighbourhood Planning Officer for advice and will report back when she knows more. a House is a surface of the second promote of the proposed boundary changes the head of the proposed boundary changes and feedback from discussion at the Village Hall Car Park to adjacent gardens and feedback from discussion was needed by the Council.
